The CITY, or its designee, shall have the right to modify the details of these drawings (design plans) and specifications, to supplement said design plans and additional design plans, drawings or additional information as the work proceeds, all of which shall be considered as part of the Bid Project. In case of disagreement between the written and graphic portions of the Bid Project, the written portion shall govern.

ARTICLE 10
"OR EQUAL" CLAUSE:

10.1 Whenever a material, article or piece of equipment is identified in the Bid Project including drawings (design plans) and specifications by reference to manufacturers' or vendors' names, trade names, catalog numbers, or otherwise, it is intended merely to establish a standard; and, unless it is followed by words indicating that no substitution is permitted because of form fit function and quality. Any material, article, or equipment of other manufacturers and vendors which will perform or serve the requirements of the general design will be considered equally acceptable provided the materials, article or equipment so proposed is, in the opinion of the CITY, equal in substance, quality and function.

10.2 The Consultant or designee will be the sole judge of acceptability, and no substitute will be ordered, installed or used without the Consultant’s prior written acceptance which will be evidenced by either a Change Order or an approved Shop Drawing. CITY may require CONTRACTOR to furnish at CONTRACTOR'S expense a special performance bond or other Surety with respect to any substitute.

11.2 If, within one year after substantial completion or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any of the work is found to be defective or not in accordance with the Contract Documents, the CONTRACTOR shall correct it promptly without cost to the CITY, after receipt of written notice from the CITY to do so. Nothing contained herein shall be construed to establish a period of limitation with respect to any other obligation which the CONTRACTOR might have under the Contract Documents.

11.3 Should the CONTRACTOR fail or refuse to remove or correct any defective work performed or to make any necessary repairs in an acceptable manner, and in accordance with the requirements of the Contract with the time indicated in writing, the CITY shall have the authority to cause the unacceptable or defective work to be removed or renewed, or make such repairs as may be necessary to be made at the CONTRACTOR'S expense. Any expense incurred by the CITY in which the CONTRACTOR has failed or refused to make shall be paid for out of any monies due or which may become due to the CONTRACTOR, or may be charged against the Performance and Payment Bond. Continued failure or refusal on the part of the CONTRACTOR to make any or all necessary repairs promptly, fully, and will cause the City to declare the Contract forfeited, in which case the CITY at its option, may purchase materials, tools, and equipment and employ labor or may contract with other individual, firm or corporation, or may proceed with its own forces to perform the work. All costs and expenses incurred thereby shall be charged against the defaulting CONTRACTOR and the amount thereof deducted from any monies due, or which may become due to him, or shall be charged against the Performance and Payment Bond. Any special work performed, as described herein, shall not relieve the CONTRACTOR in any way from his responsibility for the work performed by him.
11.4 Failure to reject any defective work or material shall not in any way prevent later rejection when such defect is discovered, nor shall it obligate the CITY to final acceptance.

ARTICLE 12  
SUBCONTRACTS

12.1 The CONTRACTOR shall, within 15 calendar days after the signing of the Contract, notify the CITY in writing of the names of Subcontractors proposed for the work. Such Subcontractor must be in compliance with the provisions of Chapter 9 of the Broward County Code of Ordinances and/or state law as it relates to Certificates of Competency. Nothing in the Contract Documents shall create any contractual relationship between any subcontractor and the CITY or any obligation on the part of the CITY to pay or to see the payment of any monies due any Subcontractor. The CITY may furnish to any Subcontractor evidence of amounts paid to the CONTRACTOR on account of specific work performed.

12.4 The CONTRACTOR agrees to bind specifically every Subcontractor to the applicable terms and conditions of the Contract Documents for the benefit of the CITY.

12.5 A copy of each Sub-Contract shall be filed promptly with the Project Manager upon request. 13.2 If any part of the CONTRACTOR’S work depends for proper execution or results upon the work of any other contractor, the CONTRACTOR shall inspect and promptly report to the Project Manager any defects in such work that render it unsuitable for such proper execution and results. CONTRACTOR’S failure to so inspect and report shall constitute an acceptance of the other contractor's work as fit and proper for the reception of his work, except as to defects which may develop in other contractor's work after the execution of his work.

13.3 The CONTRACTOR shall conduct his operations so as to create no interference or impact on any other contractor on the site. Should such interference or impact occur, the CONTRACTOR shall be liable to the affected contractor for the cost of such interference or impact.

13.4 To ensure the proper execution of his subsequent work, the CONTRACTOR shall inspect the work already in place and shall at once report to the Project Manager any discrepancy between the executed work and the requirements of the Bid Project.

CONTRACTOR shall have the reasonable right to extend the time period for rebuilding in the event of a major catastrophic event (similar in scope and widespread damage to Hurricane Andrew) which would reasonably affect the ability to secure insurance proceeds, labor, public services, and other required elements to reasonably begin said rebuilding. CONTRACTOR shall pay for all such repairing and rebuilding so that the property and the buildings and improvements shall be free and clear of all liens of mechanics, materials, and similar liens arising out of such repair, rebuilding or reconstruction of the buildings and improvements.

14.3 During the progress of the work, the Contractor shall keep premises free from accumulations of waste materials, rubbish and other debris resulting from the work. At the completion of the work the Contractor shall remove all waste materials, rubbish and debris from and about premises as well as all tools, appliances, construction and debris from and about premises as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the site clean and ready for occupancy by the City. Notice of the extent of the claim with supporting data shall be delivered within 15 days after the end of such occurrence (unless the CITY allows an additional period of time to ascertain more accurate data in support of the claim) and shall be accompanied by the claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant has reason to believe it is entitled as a result of the occurrence of said event. All claims for adjustment in the "Contract Time" shall be determined by the PROJECT MANAGER in accordance with paragraph 16.2, if CITY and CONTRACTOR cannot otherwise agree. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the work.

18.2.3. Payments made by CONTRACTOR to Subcontractors for work performed by Subcontractors. If required by CITY, CONTRACTOR shall obtain competitive bids from Subcontractors acceptable to CONTRACTOR and shall deliver such bids to the PROJECT MANAGER who will then determine which bids will be accepted. If the Subcontract provides that the Subcontractor is to be paid on the basis of cost of the work plus a fee, the Subcontractor's cost of the work shall be determined in
the same manner as CONTRACTOR’S cost of the work. All Subcontractors shall be subject to the other provisions of the Contract Documents insofar as applicable, including but not limited to the CITY’S False Claims Ordinance.

18.2.4. Cost of special engineers, including, but not limited to, engineers, architects, testing laboratories, and surveyors employed for services specifically related to the performance of the work described in the Change Order.

18.2.5. Supplemental costs including the following:

18.2.5.1 The proportion of necessary transportation, travel and subsistence expenses of CONTRACTOR's employees incurred in discharge of duties connected with the work except for local travel to and from the site of the work or to Contractor’s home office or branch office.

18.2.5.2 Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and hand tools not owned by the workmen, which are consumed in the performance of the work, and cost less market value of such items used but not consumed which remains the property of CONTRACTOR.

18.2.5.3 Sales, use, or similar taxes related to the work, and for which CONTRACTOR is liable, imposed by any governmental authority, provided however, that the Contractor shall not be paid, or reimbursed, the cost of fines and penalties levied by entities other than the City of Hallandale Beach.

18.2.5.4 Deposits lost for causes other than CONTRACTOR's negligence; royalty payments and fees for permits and licenses.

18.2.5.5 The cost of utilities, fuel and sanitary facilities at the site.

18.2.5.6 Receipted minor expenses such as long distance telephone calls (except to Contractor’s home office or branch offices), telephone service at the site, expressage and similar petty cash items in connection with the work.

18.2.5.7 Cost of premiums for additional bonds and insurance required because of changes in the work or default by the Contractor.
18.3 The term "cost of the work" shall not include any of the following:

18.3.1. Payroll costs and other compensation of CONTRACTOR's officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, lawyers, scheduling consultants, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks and other personnel employed or retained by CONTRACTOR or surety, whether at the site or in its principal or a branch office for general administration of the work and not specifically included in the agreed-upon schedule of job classifications referred to in Section 18.2.1., all of which are to be considered administrative costs covered by CONTRACTOR's fee.

18.3.2. Expenses of CONTRACTOR's principal and branch offices other than CONTRACTOR's office at the site.

18.3.3. Any part of CONTRACTOR's capital expenses, including interest on CONTRACTOR's capital employed for the work and charges against CONTRACTOR for delinquent payments.

18.3.4. Cost of premiums for all Bonds and for all insurance whether or not CONTRACTOR is required by the Contract Documents to purchase and maintain the same, except for additional bonds and insurance required because of cardinal changes in the work.

18.3.5. Costs due to the negligence or neglect of CONTRACTOR, any Subcontractors, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective work, disposal of materials or equipment wrongly supplied and making good any damage to property.

18.3.6. Other overhead or general expense costs of any kind and the cost of any item not specifically and expressly included in Section 18.2.

18.4 CONTRACTOR's fee allowed to CONTRACTOR for overhead and profit shall be determined as follows:

18.4.1. A mutually acceptable fixed fee or,
18.4.2. If none can be agreed upon, a fee based on the following percentages of the various portions of the cost of the work:

18.4.2.1. For costs incurred under Sections 18.2.1 and 18.2.2, CONTRACTOR's fee shall not exceed ten percent (10%).

18.4.2.2. For costs incurred under Section 18.2.3, CONTRACTOR's fee shall not exceed seven and one half percent (7.5%); and if a subcontract is on the basis of cost of the work plus a fee, the maximum allowable to the Subcontractor as a fee for overhead and profit shall not exceed ten percent (10%); and

18.4.2.3. No fee shall be payable on the basis of costs itemized under Sections 18.2.4 and 18.2.5, (except Section 18.2.5.3), and Section 18.3.

18.5 The amount of credit to be allowed by CONTRACTOR to CITY for any such change, which results in a net decrease in cost, will be the amount of the actual net decrease. When both additions and credits are involved in any one change, the combined overhead and profit, if otherwise allowed, shall be figured on the basis of the net increase or decrease, if any, however, CONTRACTOR shall not be entitled to claim lost profits for any Work not performed.

18.6 Whenever the cost of any work is to be determined pursuant to Sections 18.2 and 18.3, CONTRACTOR will submit in a form acceptable to the PROJECT MANAGER an itemized cost breakdown together with the supporting data.

18.7 Whenever a change in the Work is to be based on mutual acceptance of a lump sum, whether the amount is an addition, credit or no change-in-cost, CONTRACTOR shall submit an initial cost estimate acceptable to the PROJECT MANAGER.

18.7.1. Breakdown shall list the quantities and unit prices for materials, labor, equipment and other items of cost.

18.7.2. Whenever a change involves CONTRACTOR and one or more Subcontractors and the change is an increase in the Contract Price, overhead and profit percentage for CONTRACTOR and each Subcontractor shall be itemized separately.

18.8 Each Change Order must state within the body of the Change Order whether it is based upon unit price, negotiated lump sum, or "cost of the work."
18.9 When CONTRACTOR completes the Change Order work and submits its accompanying Change Order, the CONTRACTOR releases CITY from any further financial obligations as a result of the Change Order work.

ARTICLE 19

CONTINGENCIES AND ALLOWANCES:

19.0 THE CONSTRUCTION CONTINGENCY:

An agreed upon sum included in the CONTRACT DOCUMENTS for the purpose of defraying the CONTRACTOR’s actual approved expenditures for changes requested by the CITY.

Any costs to be applied against the contingency must first be approved by the CITY in writing. The CONTRACTOR will be required to furnish documentation evidencing the expenditures charged to this Contingency prior to release of funds by the CITY. At Final Completion of the Project, any remaining monies in the Construction Contingency shall vest in the CITY. The Contract Price shall be reduced in the amount of the Construction Contingency remaining monies, if any.

ARTICLE 20

TERMINATION FOR CONVENIENCE

20.1 The CITY may terminate the Contract for its convenience, at any time, with or without cause, upon thirty (30) days written notice to CONTRACTOR.

20.2 Upon such notice of termination, CONTRACTOR will immediately terminate its performance and turn over all of its work product (e.g. plans to the CITY).

20.3 CONTRACTOR will then submit a final statement to the CITY for all services performed (based on percentage of project completion) ten days after the date on the notice of termination for convenience.

20.4 The CONTRACTOR is precluded from recovering damages for loss of anticipated, but unearned profit on the Contract, as well as consequential damages.
ARTICLE 21
SHOP DRAWINGS

21.1 The CONTRACTOR shall submit Shop Drawings for all equipment, apparatus, machinery, fixtures, piping, wiring, fabricated structures and manufactured articles. The purpose of the Shop Drawings is to show the suitability, efficiency, technique of manufacture, installation requirements, details of the item and evidence of its compliance or noncompliance with the Bid Project.

21.2 The CONTRACTOR shall thoroughly review and check the Shop Drawings and each and every copy shall show this approval thereon.

21.3 If the Shop Drawings show or indicate departures from the Contract requirements, the CONTRACTOR shall make specific mention thereof in his letter of transmittal. Failure to point out such departures shall not relieve the CONTRACTOR from his responsibility to comply with the Bid Project.

21.4 The PROJECT MANAGER'S approval of the Shop Drawings will be general and shall not relieve the CONTRACTOR of responsibility for the accuracy of such Drawings, nor for the proper fitting and construction of the work, nor for the furnishing of materials or work required by the Contract and not indicated on the Drawings. No work called for by Shop Drawings shall be performed until the said Drawings have been approved by the PROJECT MANAGER. Approval shall not relieve the CONTRACTOR from responsibility for errors or omissions of any sort on the Shop Drawings.

21.5 The CONTRACTOR shall keep one set of Shop Drawings marked with the PROJECT MANAGER'S approval at the job site at all times.

ARTICLE 22
SURVEY AND AS-BUILT DRAWINGS

22.1 Prior to final payment and as required by the technical specifications (or, in absence of technical specification requirements concurrent with the Final Request for Payment), the CONTRACTOR shall furnish final as-built drawings (in electronic and hard copy as designated by the PROJECT MANAGER) and surveys and in electronic media utilizing CAD Standards as designated by the PROJECT MANAGER, in addition to three (3) sets of hard copy, showing the exact locations of all structures and underground site utilities installed by CONTRACTOR, including all water, sewer, gas, fuel, telephone, security and electric
lines and main, and locations of all easements for such utilities. Such surveys shall be prepared by a licensed Florida surveyor who shall certify that the Work is installed and erected entirely upon the Project Site and within the building restriction lines, if any, and does not overcharge or encroach upon any easement or right-of-way of others.

ARTICLE 23
COST OF WORK

The term ‘Cost of the Work” shall mean the sum of all direct costs necessarily and reasonably incurred and paid by the CONTRACTOR in the performance of the Work. Such costs shall be at rates not higher than those customarily paid in the locality of the Project except with the prior written consent of CITY. The Cost of the Work shall be determined as follows:

23.1 SUBCONTRACTOR COSTS:

(1) Where the work is covered by unit prices contained in the Contract Documents or an applicable subcontract, the Cost of the Work shall be determined by application of unit prices to the quantities of items involved.

(2) By mutual acceptance of a lump sum which subcontractor, CONTRACTOR and CITY acknowledge contains a component for overhead and profit, which shall be subject to the limitation of subcontractor fees. Whenever a change in subcontractor work is to be based on mutual acceptance of a lump sum, whether the amount is an addition, credit or no change-in-cost, CONTRACTOR shall submit an initial cost estimate obtained from the subcontractor and acceptable to the CITY. The breakdown shall list the quantities and unit prices for materials, labor, equipment and other items of cost. Whenever a change involves more than one subcontractor and the change is an increase in the Contract Price, overhead and profit percentage of each subcontractor and CONTRACTOR, if applicable, shall be itemized separately.

(3) If changes to subcontracted work affected the Contract Price, such changes shall be accomplished in accordance with Article 17, Change Orders. The amount of decrease in the Contract Price or any change that
results in a net decrease in cost, will be the amount of the actual net decrease. When both additions and decreases are involved in any one change, the combined effect shall be figured on the basis of the net change in the Contract Price if any.

23.2 MATERIALS AND EQUIPMENT:

Cost of all materials and equipment furnished and incorporated in the work, including costs of transportation and storage thereof, and manufacturers’ field services required in connection therewith, adjusted in accordance with any Discounts, Rebates and Refunds; rentals of all construction equipment and machinery and the parts thereof whether rented from CONTRACTOR of others in accordance with rental agreements and the costs of transportation, loading, unloading, installation, dismantling and removal thereof, all in accordance with the terms of said agreements. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the work.

23.3 MISCELLANEOUS COSTS:

(1) The cost, as documented by the CONTRACTOR’s detailed receipts, of telephone, telegrams, postage, photographs, blueprints, office supplies, first aid supplies and related miscellaneous costs reasonably incurred in direct support of the work at the project location.

(2) Premiums (Net) on bonds and insurance, including subcontractor bonds, if any that the CONTRACTOR is obligated to secure and maintain under the terms of the CONTRACT DOCUMENTS and such other insurance and bonds as may be required, subject to the written approval of the CITY. Premiums paid, as part of CONTRACTOR’s Cost, shall be net of trade discounts, volume discounts, dividends and other adjustments. All insurance and bonds shall be provided by companies acceptable to the CITY.

Self-insurance by the CONTRACTOR or insurance through any affiliates of CONTRACTOR shall not be permitted without the CITY’s prior written approval. CITY’s approval shall not be required on a subcontractor bond, and premiums thereof shall be considered a Cost of the Work.
(3) The cost of obtaining and using any utility services required for the Work that are not paid directly by CITY, including fuel and sanitary services at the Project sites.

(4) The cost of removal of debris from the sites. The Project sites, lay-down locations, and staging sites will be kept clear of all debris on a daily basis. All subcontracts shall require subcontractors to remove all debris daily created by their activities, and the CONTRACTOR shall exercise its best efforts to enforce such requirements or effect the removal of the debris of the subcontractors who fail in this regard. Provided, however, the CONTRACTOR shall not be required to remove debris created by the CITY’s separate contractors except pursuant to Change Order procedures set forth herein.

(5) The cost and expenses of protecting and repairing adjoining property which are actually sustained by the CONTRACTOR in connection with the work, if required, except to the extent that any such cost or expense is:

   (a) the responsibility of the CONTRACTOR under Article 1, reimbursable by insurance or otherwise;

   (b) Due to the failure of the CONTRACTOR to comply with the requirements of the Contract Documents with respect to insurance; or

   (c) Due to the failure of any officer of the CONTRACTOR or any of its representatives having supervision or direction of the Work to exercise good faith or the standard of care normally exercised in the conduct of the business of a general contractor experienced in the performance of work of the magnitude, complexity and type encompassed by the Contract Documents, in any of which events any such expenses shall not be included in CONTRACTOR’s costs.

(6) Federal, state, municipal, sales, use and other taxes required by law, as applicable to the Project, all with respect to service performed or materials furnished for the work, it being understood that none of the foregoing includes, federal, state or local income or franchise taxes.
(7) All reasonable costs and expenditures necessary for the operation of the project job site office(s), including cost of field computer equipment and software.

(8) The proportion of necessary transportation, travel and subsistence expenses of CONTRACTOR’s employees, excluding travel time, incurred in discharge of duties connected with the work except for local travel to and from the site of the Work.

(9) Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and hand tools not owned by the workers, which are consumed in the performance of the work, and cost less market value of such items used but not consumed which remain the property of CONTRACTOR.

(10) Deposits lost for causes other than CONTRACTOR’s negligence, royalty payments and fees for permits and licenses.

(11) Cost of premiums for additional bonds and insurance required because of changes in the Work.

(12) Cost of special consultants, including, but not limited to, engineers, architects, testing laboratories, surveyors employed for services specifically related to the Work.

(13) Any other expenses or changes incurred, with the prior written approval of the CONSULTANT, in the performance of the Work.

ARTICLE 24

PROGRESS PAYMENTS

All invoices and/or bills and/or requests for payments and/or application for payment are to be sent to the City’s Project Manager.

24.1 CONTRACTOR may make Application for Payment for Work completed during the Project at intervals of not more than once a month unless agreed by the Project Manager. CONTRACTOR’s application shall show a complete breakdown of the Project Schedule of Values, and actual cost incurred as of the date of the Application for Payment for the
Work completed. Each application shall be accompanied by such supporting evidence as may be reasonably required by the CITY, as more particularly described in Article 24.3 below. CONTRACTOR shall submit with each Application for Payment, an updated progress schedule acceptable to the CITY and its Schedule Consultant, either release of liens relative to the Work which is the subject of the Application or consent of the surety as to such payment. Each Application for Payment shall be submitted to the CITY for approval. CITY shall make payment to CONTRACTOR within thirty (30) days after approval of CONTRACTOR’s Application for Payment and submission of an acceptable updated progress schedule.

24.2 Ten percent (10%) of all monies earned by CONTRACTOR shall be retained by CITY until fifty percent (50%) completion of the Project. After 50% completion of the Project and prior to Final Payment, City shall retain five percent (5%) of monies earned by CONTRACTOR. The CITY may retain amounts greater than those set forth above that are the subject of a good faith dispute pursuant to Florida Statute 255.078 (6), the subject of a claim brought pursuant to Section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the CITY or CONTRACTOR.

Upon the written request of any subcontractor that is a participant in the Project Community Benefit Plan and has performed, completed and had their work approved and accepted by the CONTRACTOR, the CONTRACTOR may submit a request in the monthly Application for Payment for the full release of that subcontractor’s allocable retainage then held by the CITY. This provision for early release of the retainage shall only apply to subcontractors that have been certified as participants in the Community Benefit Plan.

24.3 CITY may withhold, in whole or in part, payment to such extent as may be necessary to protect itself from loss on account of:

243.1 Defective CONTRACTOR or subcontractor Work not remedied.

243.2 Claims filed or reasonable evidence indicating probable filling of claims by other parties against CONTRACTOR.

243.3 Failure of CONTRACTOR to make payments properly to subcontractors or for material or labor.

243.4 Damage to another contractor not remedied.

243.5 Liquidated damages
24.4 The Schedule of Values, shall list the cost of materials, the cost of labor, the cost of equipment and the cost of subcontractor Work separately for all the portions of the Work delineated. Each monthly Application for Payment shall be for a sum equal to (i) that portion of the CONTRACTOR’s Direct Construction Cost equal to the percentage of the Work completed; plus (ii) an appropriate amount of the CONTRACTOR’s Fee as related to the percentage of the Work completed. The calculation of the percentage of the Work completed shall be in accordance with the approved Progress Schedule; provided, however, prior to the date of the Final Request, and unless subject to reduction under Article 24.2, the aggregate of the CONTRACTOR’s Fee payments shall not exceed Ninety (90%) percent of the Contractor’s Fee as stated in Article 23.

The CONTRACTOR’s Cost of the Work shall be segregated and detailed in a manner satisfactory to the PROJECT MANAGER to evaluate the charges. The Request for Payment shall indicate the percentage of completion of each portion of the Work, and the total Work, as of the end of the period covered by the Application for Payment. The Schedule of Values shall be used as one basis for reviewing the Request for Payment when such amounts are approved.

24.5 If the CITY, in its good faith judgment, determines that the portion of the Contract Price then remaining unpaid will not be sufficient to complete the Work in accordance with the Contract Documents, no additional payments will be due to the CONTRACTOR hereunder unless and until the CONTRACTOR, at its sole cost, performs a sufficient portion of the Work so that such portion of the Contract Price then remaining unpaid is determined by the CITY to be sufficient to complete the Work.

24.6 The Project Manager shall review each Request for Payment and may make such exceptions, as the PROJECT MANAGER reasonably deem necessary or appropriate.

24.7 CONTRACTOR shall remain solely liable for subcontractor’s work and for any unpaid laborers, material suppliers or subcontractors or subcontractor in the event it is later discovered that said Work is deficient or that any of said laborers, material suppliers or subcontractors did not receive payments due them on the Project.

24.8 Within thirty (30) days after Final Completion of the Work and acceptance thereof by the CITY, the CONTRACTOR shall submit a Final Request For Payment (Final Request) which shall set forth all amounts due and remaining unpaid to the CONTRACTOR (including the unpaid portion of the Contractor’s Fee).
24.9 Except for the CONTRACTOR’S Management Fee and Profit/Overhead, the CONTRACTOR shall use the sums paid to it pursuant to this article solely for the purpose of performance of the Work and the construction, furnishing and equipping of the Work in accordance with the Contract Documents and payments of bills incurred by the CONTRACTOR in performance of the Work.

24.10 The CONTRACTOR shall promptly pay all bills for labor and material performed and furnished by its subcontractors, suppliers and materials providers, in connection with the construction, furnishing and equipping of the Work and the performance of the Work.

ARTICLE 25
ACCEPTANCE AND FINAL PAYMENT

25.1 Upon receipt of written notice from the CONTRACTOR that the work is ready for final inspection and acceptance, the CITY shall within ten days make an inspection thereof. If the CITY finds the work acceptable under the Contract and the Contract work has been fully performed, payment shall be issued by the CITY, stating that the work required by the Contract has been completed and is accepted under the terms and conditions thereof.

25.2 Before issuance of the Final Certificate for Payment, the CONTRACTOR shall deliver to the CITY a complete release of all liens arising out of this Contract, or receipts in full in lieu thereof, and an Affidavit certifying that all suppliers and Subcontractors have been paid in full and that all other indebtedness connected with the work has been paid, and a consent of the Surety of Final Payment. The CITY may withhold final payment under the same terms and conditions as set forth in Section 24.3 above.

25.3 If, after the work has been substantially completed, full completion thereof is materially delayed through no fault of the CONTRACTOR, the CITY shall, without terminating the Contract, make payment of the balance due for that portion of the work fully completed and accepted. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute waiver of claims.

25.4 The making and acceptance of the final payment shall constitute a waiver of all claims by the CITY, other than those arising from faulty or defective work or any circumstances mentioned in 36.8, failure of the work to comply with requirements of the Contract Documents or terms of any special warranties required by the Contract.
Documents. It shall also constitute a waiver of all claims by the CONTRACTOR, except those previously made in writing and identified by the CONTRACTOR as unsettled at the time of the application for final payment.

ARTICLE 26
CITY’S RIGHT TO TERMINATE CONTRACT

26.1 If CONTRACTOR fails to begin the Work within fifteen (15) calendar days after the Project Initiation Date, or fails to perform the Work with sufficient workers and equipment or with sufficient materials to insure the prompt completion of the Work, or shall perform the Work unsuitably, or cause it to be rejected as defective and unsuitable, or shall discontinue the prosecution of the Work pursuant to the accepted schedule or if CONTRACTOR shall fail to perform any material term set forth in the Contract Documents or if CONTRACTOR shall become insolvent or be declared bankrupt, or commit any act of bankruptcy or insolvency, or shall make an assignment for the benefit of creditors, or for any other cause whatsoever shall not carry on the Work in an acceptable manner, CITY may give notice in writing to CONTRACTOR and its Surety of such delay, neglect or default, specifying the same. Nevertheless, Surety waives its right to notice pursuant to this paragraph. If CONTRACTOR, within a period of ten (10) calendar days after such notice, shall not proceed in accordance therewith, then CITY may neglect or default the CONTRACTOR and CONTRACTOR’s failure to comply with such notice, terminate the services of CONTRACTOR, exclude CONTRACTOR from the Project site and take the prosecution of the Work out of the hands of CONTRACTOR, and appropriate or use any or all materials and equipment on the Project site as may be suitable and acceptable. In such case, CONTRACTOR shall not be entitled to receive any further payment until the Project is completed. In addition CITY may enter into an agreement for the completion of the Project according to the terms and provisions of the Contract Documents, or use such other methods as in City’s sole opinion shall be required for the completion of the Project according to the terms and provisions of the Contract Documents, or use such other methods as in City’s sole opinion shall be required for the completion of the Project in an acceptable manner. All damages, costs and charges incurred by CITY, together with the costs of completing the Project and any fines or levies that may be assessed against the City by any governmental entity or by Broward County as a result of late completion of the Project, shall be deducted from any monies due or which may become due to CONTRACTOR. In case the damages and expenses so incurred by CITY shall exceed the unpaid balance, then CONTRACTOR shall be liable and shall pay to CITY the amount of said excess.
26.2 If after notice of termination of CONTRACTOR’s right to proceed, it is determined for any reason that CONTRACTOR was not in default, the rights and obligations of CITY and CONTRACTOR shall be the same as if the notice of termination had been issued pursuant to the Termination for Convenience clause as set forth in Article 20.

ARTICLE 27
CONTRACTOR'S RIGHT TO STOP WORK OR TERMINATE CONTRACT

If the PROJECT MANAGER received CONTRACTOR’s proper invoice and/or bill and/or request for payment and/or application for payment, and should the PROJECT MANAGER fail to review and approve or state in writing reasons for not approving, or for rejecting, of the Application for Payment within twenty-five (25) business days after it is presented, then CONTRACTOR shall provide CITY with written notice of same, and if CITY fails either to pay CONTRACTOR within four (4) business days after CITY receives CONTRACTOR’s notice, CITY shall notify CONTRACTOR in writing of any objection to the Application for Payment, then CONTRACTOR shall, give a second written notice to CITY of such delay, neglect or default, specifying the same and if CITY, within a period of ten (10) calendar days after such second notice shall not remedy the delay, neglect, or default upon which the notice is based, then CONTRACTOR may stop work or terminate this Contract and recover from CITY payment for all work executed and reasonable expenses sustained therein plus reasonable termination expenses. In such event, the contract shall be deemed terminated for convenience, and CONTRACTOR shall be paid for all work executed and expenses incurred prior to termination in addition to termination settlement costs reasonably incurred by CONTRACTOR relating to commitments, which had become firm prior to the termination. Payment shall include reasonable profit for work/services performed. No payment shall be made for profit for work or services that have not been performed or for consequential damages.

ARTICLE 28
DIFFERING SITE CONDITIONS

In the event that during the course of the Work CONTRACTOR encounters subsurface or concealed conditions at the Project site which differ materially from those shown on the Contract Documents and from those ordinarily encountered and generally recognized as inherent in work of the character called for in the Contract Documents and Supplementary Conditions; or unknown physical conditions of the Project site, of an unusual nature, which differ materially from that ordinarily encountered and generally recognized as inherent in work of the character called for in the Contract Documents in the locales such as that where the work is to be done,
CONTRACTOR shall, within twenty-four (24) hours of their discovery, notify CITY in writing of the existence of the aforesaid conditions. CITY shall, within two (2) business days after receipt of CONTRACTOR's written notice, investigate the site conditions identified by CONTRACTOR. If, in the sole opinion of the PROJECT MANAGER or Project Manager’s designee, the conditions do materially so differ and cause an increase or decrease in CONTRACTOR's cost of, or the time required for, the performance of any part of the Work, PROJECT MANAGER shall recommend an equitable adjustment to the Contract Price, or the Contract Time, or both. If CITY and CONTRACTOR cannot agree on an adjustment in the Contract Price or Contract Time, the adjustment shall be referred to PROJECT MANAGER for determination in accordance with the provision for resolving disputes. Should PROJECT MANAGER determine that the conditions of the Project site are not so materially different to justify a change in the terms of the Contract, PROJECT MANAGER shall so notify CONTRACTOR in writing, stating the reasons, and such determination shall be final and binding upon the parties hereto.

No request for an equitable adjustment or change to the Contract Price or Contract Time for differing site conditions shall be allowed if made after the date certified by PROJECT MANAGER as the date of substantial completion.

ARTICLE 29
RESOLUTION OF DISPUTES

29.1 To prevent all disputes and litigation, it is agreed by the parties hereto that the PROJECT MANAGER, or the Project Manager’s designee shall decide all questions, claims, difficulties and disputes of whatever nature which may arise relative to the technical interpretation of the Contract Documents and fulfillment of this Contract as to the character, quality, amount and value of any work done and materials furnished, or proposed to be done or furnished under or, by reason of, the Contract Documents and PROJECT MANAGER's estimates and decisions upon all claims, questions, difficulties and disputes shall be final and binding to the extent provided in Section 29.2. Any claim, question, difficulty or dispute which cannot be resolved by mutual agreement of CITY and CONTRACTOR shall be submitted to PROJECT MANAGER in writing within twenty-one (21) calendar days. Unless a different period of time is set forth herein, PROJECT MANAGER shall notify CONTRACTOR in writing of PROJECT MANAGER's decision within twenty-one (21) calendar days from the date of the submission of the claim, question, difficulty or dispute, unless PROJECT MANAGER requires additional time to gather information or allow the parties to provide additional information. All non-technical administrative disputes shall be determined by the PROJECT MANAGER pursuant to the
time periods provided herein. During the pendency of any dispute and after a determination thereof, CONTRACTOR and CITY shall act in good faith to mitigate any potential damages including utilization of construction schedule changes and alternate means of construction.

29.2 In the event the determination of a dispute under this Article is unacceptable to either party hereto, the party objecting to the determination must notify the other party in writing within ten (10) days of receipt of the written determination. The notice must state the basis of the objection and must be accompanied by a statement that any Contract Price adjustment claimed is the entire adjustment to which the objecting party has reason to believe it is entitled to as a result of the determination. Within sixty (60) days after a disputed invoice or during Final Completion of the Work, the parties shall participate in settlement discussions to address all objections to any determinations hereunder and to attempt to prevent litigation. Should any objection not be resolved, the parties retain all their legal rights and remedies provided under State law. This article shall not limit the CITY’S rights under the CITY’S False Claims Ordinance.

ARTICLE 30

30.1 Applicable Law and Venue

The parties expressly agree that this Contract shall be construed and interpreted in accordance with the laws of the State of Florida. Venue for adjudication of disputes and litigation concerning this CONTRACT shall be in Broward County, Florida.

BY ENTERING INTO THIS AGREEMENT, CONTRACTOR AND CITY HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT.

Nothing in this Agreement is intended to serve as a waiver of sovereign immunity, or of any other immunity, defense, or privilege enjoyed by the City pursuant to Section 768.28 Florida Statutes.
ARTICLE 31

31.1 This Contract incorporates by reference the following documents: the Bid Project including drawings (design plans) and specifications, the Notice for Bids, the Construction Contract, the Addenda to the Bid Project, the Bid Proposal Form, the record of Contract awarded by the City of Hallandale Beach, the Contract, the Performance and Payment Bond, any additional documents the submission of which is required by this Bid Project, the Notice of Award, the Notice to Proceed, and the Purchase Order.

31.2 Where there is a conflict between any provision set forth within this contract and a more stringent state or federal provision which is applicable to this Project, the more stringent state or federal provision shall prevail.

31.3 This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein and the parties agree that there are not commitments, agreements, or understandings concerning the subject matter of these Contract Documents that are not contained herein. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements whether oral or written.

31.4 By execution of this Agreement, CONTRACTOR does certify that CONTRACTOR has been duly authorized by delivery of this Agreement and all other documents, certificates, agreements, consents and receipts, and to take any and all other actions of any kind whatsoever in order to accomplish the purposes and undertakings of this Agreement.

ARTICLE 32
NONDISCRIMINATION, EQUAL OPPORTUNITY AND AMERICANS WITH DISABILITIES ACT

32.1 CONTRACTOR shall not unlawfully discriminate against any person in its operations and activities in its use or expenditure of funds or any portion of the funds provided by this Agreement and shall affirmatively comply with all applicable provisions of the Americans with Disabilities Act (ADA) in the course of providing any services funded in whole or in part by CITY, including Titles I and II of the ADA (regarding nondiscrimination on the basis of disability), and all applicable regulations, guidelines and standards.
