“City’s Project Manager” means the City’s representative duly authorized by the City Manager to provide direction to the Consultant regarding services provided pursuant to the RFP and the Agreement.

“Consultant” means the individual(s) or Firm(s) to whom the award is made and who executes the Agreement and future Work Authorizations.

and time for work to start.

“Sub-contractor or Sub-consultant” Any person or business entity employed to perform part of a contractual obligation under the control of the Consultant. Any supplier, distribution, vendor, or Firm that furnishes, supplies, or services to the Consultant.

“Project” means a temporary endeavor designed to produce a unique product, service or result with a defined beginning and end (usually time-constrained), and often constrained by funding or deliverables undertaken to meet unique goals and objectives, typically to bring about beneficial change or added value. A Project may include providing comprehensive research, study, analysis and related administrative services on a project specific basis. Those comprehensive project specific services may include conducting and preparing documentation studies, investigations, and assessments. These activities may include general investigative or exploratory reports concerning sites, buildings, infrastructure and other facilities or portions thereof; feasibility studies; existing facility and site documentation; budget development and forecasting; design and construction market analysis; facility assessments and evaluations; alternative site selection analysis; schedule development and analysis; building and zoning code analysis and investigations; bid/award analysis; negotiation support; inspections; testing and analysis; post-occupancy evaluations and studies; forensic studies; independent claims support and other similar miscellaneous study activities. Project specific services may also include project team facilitation and support; project status reporting and performance/compliance reporting.

“Work Authorization” means the documents issued pursuant to this Agreement, referencing an agreed upon scope of work, payment, schedule, deliverables and other project requirements established by the City’s Project Manager. A Work Authorization Form shall be issued for joint execution as more fully described in Article 4. A draft Work
Authorization was included in the solicitation as Exhibit C for informational purposes only. The Work Authorization form is subject to change.

ARTICLE 2
TERM

1. The term of this Agreement is from ______________________ to ___________________.

2. At the ________________ (date) 201_ City Commission meeting the City Commission adopted Resolution # __________ awarding through RFP # FY 2018-2019-012 CONSULTANT COMPETITIVE NEGOTIATION ACT (CCNA) CONTINUING PROFESSIONAL ARCHITECTURAL AND ENGINEERING SERVICES AND OTHER SERVICES.

ARTICLE 3
SCOPE OF SERVICES TO BE PROVIDED TO THE CITY

3.1 The services to be provided include the scope of work in RFP # FY 2018-2019-012 CONSULTANT COMPETITIVE NEGOTIATION ACT (CCNA) CONTINUING PROFESSIONAL ARCHITECTURAL AND ENGINEERING SERVICES AND OTHER SERVICES, which is hereby incorporated and made part of this Agreement by reference and the Proposal submitted by CONSULTANT, which is hereby incorporated and made part of this Agreement by reference.

3.2 Consultant's specific project services shall be agreed upon in a written Work Authorization, with an individual Scope of Services for each Project to be developed by Consultant and City's Project Manager. Consultant shall provide all services including all necessary, incidental, and related activities and services required by the Work Authorization and contemplated in Consultant's level of effort.

3.3 The Scope of Services for a Work Authorization does not delineate every detail and minor work task required to be performed by Consultant to complete the Project. If, during the course of the performance of the services included in the Work Authorization, Consultant determines that work should be performed to complete the Project which is in Consultant's opinion outside the level of effort originally anticipated, whether or not the Scope of Services identifies the work items, Consultant shall notify the City’s Project Manager in writing in a timely manner before proceeding with the work. If Consultant proceeds with said work without notifying the City’s Project Manager, said work shall be deemed to be within the original level of effort, whether or not specifically addressed in the Scope of Services. Notice to the City’s Project Manager does not constitute authorization or approval by City to Consultant to perform the work. Performance of work by Consultant outside the originally anticipated level of effort without prior written City approval is at Consultant's sole risk.
3.4 Consultant agrees to meet with City at reasonable times after reasonable notice.

3.5 Consultant acknowledges that it is aware of all the duties and responsibilities and agrees to perform such duties and responsibilities as set forth in the RFP, the City’s Agreement, and the City’s Work Authorization.

3.6 Notwithstanding any other remedy otherwise available to City, where the work product of Consultant is found to be deficient for the purpose for which it was produced, Consultant shall correct the deficiency at no cost to City.

3.7 Consultant shall pay its subconsultants, subcontractors, and suppliers, within fifteen (15) days following receipt of payment from City for such subcontracted work or supplies. Consultant agrees that if it withholds an amount as retainage from subconsultants, subcontractors, or suppliers that it will release such retainage and pay same within fifteen (15) days following receipt of payment of retained amounts from City. The City may, at its option, increase allowable retainage or withhold progress payments unless and until Consultant demonstrates timely payments of sums due to all Subcontractors and suppliers.

ARTICLE 4
WORK AUTHORIZATION

4.1 All work to be performed by Consultant pursuant to the terms of the Agreement shall first be authorized in writing by a Work Authorization, Exhibit C, in accordance with the requirements of this Article.

4.2 Before any Project is commenced pursuant to a Work Authorization, Consultant shall supply the City’s Project Manager with a written estimate for all charges expected to be incurred for such Project, which estimate shall be reviewed and approved by the City’s Project Manager and other appropriate City officials as required by the City’s Code of Ordinances and administrative policies. Projects estimated at costs that exceed administrative spending authority require City Commission approval.

4.3 All Work Authorizations shall be on a form approved by the City Procurement Department and contain, at a minimum, the following information and requirements:

4.3.1 A statement of the method of compensation and Consultant's proposed written scope of work and any required deliverables.

4.3.1.2 A budget establishing the amount of compensation and reimbursables to be paid upon the establishment of a negotiated lump sum fee or the application of appropriate billing rates as set forth in Exhibit B – Hourly Billing Rates for...
