The purpose of the Lift Station Eight & Force Main Improvement Project is to significantly increase the capacity of the distribution system for transmission of wastewater from the City's high-density residential and commercial district. Lift Station Eight is located on the grounds of the City's municipal complex at SW 5th Court. The project area of the Force Main Upgrade is approximately one mile long and discharges to the City of Hollywood. The project includes the following:

- Construction of the Lift Station Eight
- Planning and Design of Force Main
- Construction of Force Main

The City is soliciting public comment on the project. Persons wanting to submit written comments on the application should send them to Noemy Sandoval, Grants Manager at nsandoval@hallandalebeachfl.gov, or by mail to 400 S. Federal Highway | Hallandale Beach, FL 33009 no later than June 26, 2020.

A copy of the final application is available upon request after June 26, 2020, by contacting Noemy Sandoval, Grants Manager. The application will be submitted to DEO on or before June 30, 2020.

About the Rebuild Florida Infrastructure Repair Program: The Florida Department of Economic Opportunity's (DEO) Rebuild Florida Infrastructure Repair Program was launched with $85,819,653 to fund infrastructure restoration and improvement projects in communities impacted by Hurricane Irma. The funding is provided by the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) Program to address unmet disaster recovery needs related to damage from Hurricane Irma.

Eligible projects under the Infrastructure Repair Program include water and sewer facilities, streets, provision of generators, drainage, bridges, emergency community shelters, and rehabilitation of commercial or industrial buildings.
